

The Value of Experience

Many companies offer mobile data information systems, but only Advanced Mobile Group can provide a unique combination of experienced implementations, strong customer relationships and superior value.

Advanced Mobile Group understands how a mobile computing solution can help your business increase productivity. Advanced Mobile Group can design, implement and maintain mobile solutions — including industry-specific applications — that best meet your company's unique business objectives.

At Advanced Mobile Group, we strive to exceed your expectations every day. »

MOBILE SOLUTIONS, START TO FINISH

Advanced Mobile Group offers more than just mobile computing components. With hardware, software, wireless network components and integration services, Advanced Mobile Group gives you complete end-to-end solutions from the leading manufacturers in the industry.

OUTSTANDING SERVICE

Committed to strong personal relationships with its clients in the Mid-Atlantic region, Advanced Mobile Group prides itself on accessibility and hands-on support for clients of all sizes. With a single point of contact and accountability for all of your mobile technology needs, you can rest assured that if any problems arise, one call to one company will get the job done.

SUPERIOR VALUE

True value goes beyond the price tag, encompassing service, support and implementation. Advanced Mobile Group delivers effective mobile solutions with speed and efficiency, offering premium brands and comprehensive solutions at an attractive price.

BUSINESS AND TECHNICAL EXPERTISE

A mobile technology expert manages each project, bringing more than a decade of experience in identifying and addressing clients' mobile solutions needs.

Serving the Mid-Atlantic region, Advanced Mobile Group specializes in rugged mobile computing solutions that help companies increase efficiencies throughout their operations. Advanced Mobile Group's end-to-end solutions incorporate hardware, software, integration and post-installation support. Advanced Mobile Group has delivered results for companies in a variety of industries, including distribution, manufacturing, cold storage, field service, and route sales management.
